

Feeding Tallow Valley, county by county

What your gifts did this year, what our data showed us, and the two fixes that come next.

1 THE YEAR

Your support fed thousands.

 **36,400**
people fed

 **3.6M**
meals shared

 **71%**
of people facing hunger reached

But 71% is an average. Averages hide places.

2 THE PUZZLE

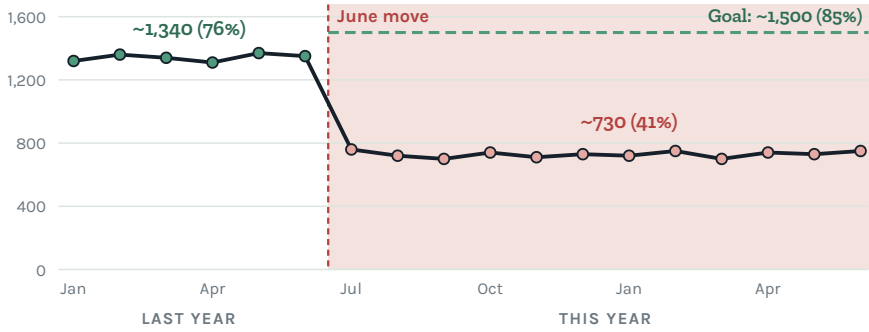

Distance doesn't explain it.

Ashby is close but low. Pruet is farthest but strong.

3 THE CLUE

Last June, Ashby's pantry moved.

People served in Ashby each month. It fell by almost half and stayed there.

4 THE CAUSE

Who's there matters.

-  **Ashby • courthouse annex**
Next to probation. People don't want to be seen there.
-  **Pruett • church hall**
Run by neighbors people already know.
-  **Hollow Creek • nowhere close**
A long drive, and no trusted place nearby.

It's not how far. It's where, and who's there.

5 THE FIX

Two simple fixes. No new truck.

- ASHBY**
Move to Grace Fellowship hall, Mill Street
Next to the apartments and bus stop.
\$12,000 a year
41% → 85% reached
~730 → ~1,500 a month
- HOLLOW CREEK**
Start a church pantry, like Pruet's
Then \$9,000 a year to keep it running.
\$28,000 first year
38% → 65% reached
~390 → ~660 a month

New truck route	<div></div>	\$85,000
Fixes, year 1	<div></div>	\$40,000
Fixes, year 2 on	<div></div>	\$21,000

6 NEXT YEAR

Same map. Watch it turn green.

- Ashby**
41% now → 85% goal
- Hollow Creek**
38% now → 65% goal

YEAR 1	YEAR 2 ON	EVERY MONTH
\$40,000	\$21,000	+1,040
to set up both	a year to run both	more people served

Thank you for feeding Tallow Valley.
